#### b. READING

The kids read to everyone 2 or 3 words of their list that they already make by themselves.

#### c. GAME

The teacher make a small group, and each group there are 4 kids.

Practice rule :

To each group, the teacher provides two bigger cards where is written “**A**” and “**AN**” and 10 small cards where is written the nouns.

For 15 kids, it would be 3 groups of 5, 3 cards “**A**” and 3 cards “**AN**”, and each other kids will have 4 nouns cards, so 36 differents nouns cards (3kids per group X 4 cards X 3 groups = 36)

1 kid has a card written “**A**”

1 kid has a card written “**AN**”

3 kids have 4 nouns cards and they have to give to the right kid who have an “**A**” or “**AN**”card.

When all the cards have been given, they all together check if all the nouns match with the right “**A**” or “**AN**”
