

# Order Up

**Materials:** numeral cards 101-120 (or any sequence of 20 numeral cards)

---

1. Work with a partner. Shuffle the cards and give 5 to each player. Without turning them up each player places the cards in a vertical row in front of him/her, and then turns the cards face up.

2. Take turns drawing a card from the draw pile. On each turn, the player may replace any card in his or her column with the drawn card or discard the drawn card. The player may not move cards around within the column.
3. Keep going until one player has 5 numbers in order from lowest to highest (the numbers do not need to be sequential but they must be in order).

101	102	103	104
105	106	107	108
109	110	111	112
113	114	115	116
117	118	119	120
